LUSITANIA SETTLEMENT EXPECTED BY OFFICIALS

Hope Based on Prospects of Early Adjustment of Frye Case with Germany.

With indications of an early adjustment of the controversy with Germany over the Frye incident to be followed by a settlement of the Lusitania case, this government's reply to the German note regarding the sinking of the William P. Frye by the Prinz Eitel Friedrich will go forward to Berlin within twenty-four hours.

The reply of the United States was sent to the President by the State Department yesterday. Officials of the department say the two governments are now in accord on matters heretofore in dispute regarding the Frye case and its settlement following almost inevitably an agreement in the case of the Lusitania.

They say that the statements of position by Germany in the Arabic note covered definitely and favorably an answer to the American demand as to the William P. Frye, and that by the strongest degree of inference the Arabic note also showed the way for a similar settlement of the Lusitania controversy.

DISCHARGED AND KISSED.

Labor Leaders, Fred of Murder Charge, Are Lionized.

New York, Oct. 7.—Two of the seven leaders of the Garment Workers' Union who have been on trial charged with the murder of Herman Liebowitz in the strike of 1910 were discharged today by Supreme Court Justice Tompkins at the close of the case for the defense. They were Solomon Metz and Julius Woolf.

The fate of the other five defendants must be decided by the jury which will be charged tomorrow.

When Metz, who is president of the United Hebrew Trades, with a membership of 20,000, stepped out of the courtroom free, there were cheers from a large crowd and he and Woolf were carried out of Center street. Women kissed the two acquitted leaders and the crowd marched triumphantly toward the headquarters of the East Side unions along Broadway.
